

MISSING HIKER

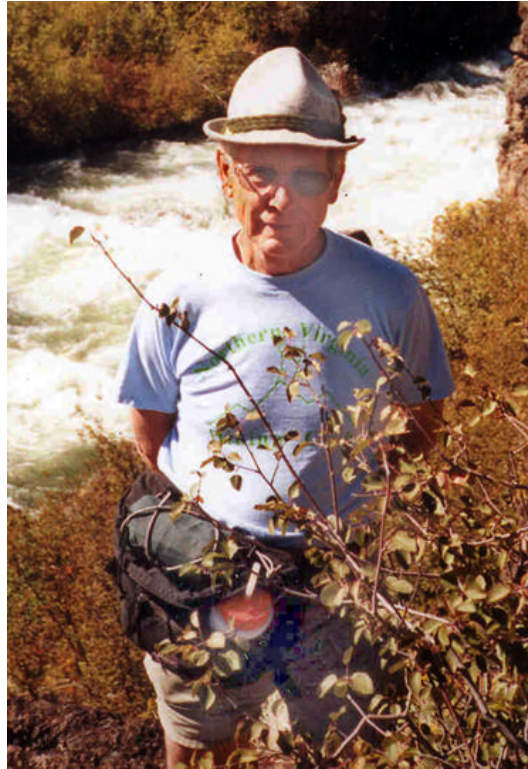

Walter H. Reinhard

66 years old

5'8" tall, 145 pounds, blue eyes

balding, graying brown hair

fair complexion, no facial hair

September 2002 photo

Reinhard's car was found at the White Wolf trailhead on September 30, 2002. It is likely that he started a hike from there around September 19th. He may have been wearing a gray felt Alpine hat with a narrow brim, leather hiking boots, and he usually carries a large fanny pack (as seen in center photo above).

If you have been hiking in the White Wolf area anytime between September 19th to 30th, even if you did not see Reinhard, please call the Yosemite National Park Communication Center 24 hours a day at **(209) 379-1992**.
